

DOMAINS		Weight %	
1) POLICY & PLANNING	4	40.0%	██████████
2) CARE DELIVERY	4	40.0%	██████████
3) HEALTH SYSTEM & GOVERNANCE	2	20.0%	██████
SUB-DOMAINS			
Weight %			
1) POLICY & PLANNING			
1.1) National cancer control plan	1	20.0%	██████
1.2) Population-based cancer registry	1	20.0%	██████
1.3) Cancer research	1	20.0%	██████
1.4) Tobacco control	1	20.0%	██████
1.5) Lifestyle and diet	1	20.0%	██████
2) CARE DELIVERY			
2.1) Immunisation	1	20.0%	██████
2.2) Screening & early detection	1	20.0%	██████
2.3) Service availability & workforce	1	20.0%	██████
2.4) Clinical guidelines	1	20.0%	██████
2.5) Patient-centred care	1	20.0%	██████
3) HEALTH SYSTEM & GOVERNANCE			
3.1) Political will	1	33.3%	██████████
3.2) Infrastructure	1	33.3%	██████████
3.3) Intersectoral action & governance	1	33.3%	██████████
INDICATORS			
Weight %			
1.1) National cancer control plan			
1.1.1) Existence of national cancer control plan	1	25.0%	██████████
1.1.2) Comprehensive-ness of cancer control plan	1	25.0%	██████████
1.1.3) Implementation framework for cancer control plan	1	25.0%	██████████
1.1.4) Monitoring and evaluation of cancer control plan	1	25.0%	██████████
1.2) Population-based cancer registry			
1.2.1) Existence of population-based cancer registry (PBCR)	1	33.3%	██████████
1.2.2) PBCR scope and coverage	1	33.3%	██████████
1.2.3) PBCR linkage with other health information systems	1	33.3%	██████████
1.3) Cancer research			
1.3.1) Field epidemiology training programmes	1	50.0%	██████████
1.3.2) National cancer research policy or programme	1	50.0%	██████████
1.4) Tobacco control			
1.4.1) Operational policy, strategy or action plan for tobacco	1	20.0%	██████
1.4.2) Compliance with smoke-free legislation	1	20.0%	██████
1.4.3) Warning labels	1	20.0%	██████
1.4.4) Bans on advertising, promotion and sponsorship	1	20.0%	██████
1.4.5) Affordability of cigarettes, trend change 2008 to 2016	1	20.0%	██████
1.5) Lifestyle and diet			
1.5.1) Operational policy, strategy or action plan to reduce unhealthy diet	1	33.3%	██████████
1.5.2) Operational policy, strategy or action plan to reduce physical inactivity	1	33.3%	██████████
1.5.3) Operational policy, strategy or action plan for harmful alcohol use	1	33.3%	██████████
2.1) Immunisation			
2.1.1) National HPV vaccination programme	1	50.0%	██████████
2.1.2) Hepatitis B vaccination coverage, infants	1	50.0%	██████████
2.2) Screening & early detection			
2.2.1) National screening programme for cervical cancer	1	20.0%	██████
2.2.2) National screening programme for breast cancer	1	20.0%	██████
2.2.3) Availability of mammography or clinical breast exam (CBE)	1	20.0%	██████
2.2.4) Availability of faecal occult blood test or faecal immunological test	1	20.0%	██████
2.2.5) Availability of bowel cancer screening by exam or colonoscopy	1	20.0%	██████
2.3) Service availability & workforce			
2.3.1) Availability of radiotherapy in the public health system	1	12.5%	███
2.3.2) Radiation oncologists density	1	12.5%	███
2.3.3) Capacity of radiotherapy equipment to meet patient need	1	12.5%	███
2.3.4) Clinical oncologists density	1	12.5%	███
2.3.5) Availability of medicines on WHO Essential Cancer Drug List	1	12.5%	███
2.3.6) Coverage for cancer medicines	1	12.5%	███
2.3.7) Oral morphine availability	1	12.5%	███
2.3.8) Palliative care in the public health system	1	12.5%	███
2.4) Clinical guidelines			
2.4.1) National guidelines for NCDs management through a primary care approach	1	50.0%	██████████
2.4.2) National evidence-based guidelines for cancer care	1	50.0%	██████████
2.5) Patient-centred care			
2.5.1) Coordinated and integrated cancer care with multidisciplinary teams	1	33.3%	██████████
2.5.2) Cancer survivorship and rehabilitation	1	33.3%	██████████
2.5.3) Patient organisations	1	33.3%	██████████
3.1) Political will			
3.1.1) General government expenditure on health % of total, 10-year growth	1	25.0%	██████
3.1.2) Change in out-of-pocket expenditure over 10 years	1	25.0%	██████
3.1.3) Universal Health Coverage (UHC) of essential health services	1	25.0%	██████
3.1.4) Health technology assessment	1	25.0%	██████
3.2) Infrastructure			
3.2.1) Surgeons density	1	50.0%	██████████
3.2.2) Skilled health professionals density	1	50.0%	██████████
3.3) Intersectoral action & governance			
3.3.1) Intersectoral action for health and health equity	1	50.0%	██████████
3.3.2) Control of corruption	1	50.0%	██████████
